

SIMPLIFYING THE SUPPLY CHAIN: AN INTRODUCTION TO THE COLORADO MANUFACTURING NETWORK

Join us for a virtual introduction to the Colorado Manufacturing Network and explore the tools and strategies you can use to help simplify your supply chain.

ABOUT THE WEBINAR

OCTOBER 26 | 12:00 - 1:00

Manufacturer's Edge and Sustainment are helping build the Colorado manufacturing base into a hyperconnected, secure, and resilient ecosystem of local and regional suppliers who can more easily connect and interact with the government and industry organizations that rely on them. Unlock value for your business on a network designed to connect manufacturers to new clients and business expansion resources. Join us for this live webinar to learn more and join the network.

JOIN CMN TODAY:

EXPAND YOUR LOCAL NETWORK

Use Sustainment's manufacturing search engine to identify and collaborate with a broader network of local partners and suppliers.

.....

IDENTIFY NEW OPPORTUNITIES
